

7000 Classic 5 burner built In BBQ, stainless steel

Product Details

FEATURES

17MJ Cast Iron Burners with
Stainless Steel Vaporisers

Porcelain Enamel Cast Iron
Hotplates and Split Grills

Stainless steel elevated
cooking rack

Full Width Oil and Fat
Catchment Tray on
Telescopic Rails

Fully Welded 304 Grade
Stainless Steel Firebox

Double layered 304 grade
stainless steel roasting hood
with glass viewing window and
integrated temperature gauge

Quartz One Start Ignition
System

BENEFITS

DURABLE, FLEXIBLE AND EFFICIENT

With cast iron burners and stainless-steel vaporisers, you have one of the most durable, flexible and efficient cooking systems available. Cast iron heats quickly, maintains consistency and lasts a very long time. With 17MJ of power in each burner, you can always turn the power down, giving you the choice in what you cook and how you cook it. And the stainless-steel vaporisers efficiently disperse the flames across the grill & plate surfaces whilst reducing those flare ups

SPACIOUS, CUSTOMISABLE and DURABLE CAST IRON COOKTOP

Cook up a feast for many for years to come on our spacious and durable cooktop. Made from cast iron, the cooking surface doesn't chip and rust resistant, whilst heating quickly and evenly and holding its warmth for the best cooking experience. The split grill plates also means you can customise your cooking surface as you need it.

THE PERFECT VIEW

Keep an eye on whats cooking without lifting the lid. Maintain heat using the built in temperature gauge or peer through the full width glass viewing window to check how those sausages or brisket are doing.

CLEAN UP WITH EASE

Designed for an easy clean-up, the hotplate has raised sides preventing grease and oil over-spilling, drawing it instead to the plate opening and into the replaceable foil catchment tin. The telescopic rails on the front, full width drip tray, makes it easy to pull out to replace the foil tin and clean the over-spill.

READY, START, COOK

Start cooking quickly and easily with the quartz one start. This first time, every time, easy start ignition system makes sparking up the BBQ a breeze.

CONSTRUCTED TO LAST

Built to last over time, the burner box is built out of high grade stainless steel. With an exterior seam weld, moisture and grease don't get into the joints, preventing rusting

BBG7650SA

KEEP IT COOKING OR KEEP IT WARM

The stainless steel elevated cooking rack keeps food warm or use it as a 2nd elevated cooking area.

Specifications

PRODUCT PROFILE

Type of BBQ	Built in
Design Family	Signature
Finish	stainless steel
Stainless steel grade	304 grade
Stainless steel	304 grade
BBQ Frame Finish (BBQ Burner Box Finish)	Fully Welded Stainless Steel
Firebox material	stainless steel
Firebox construction	stainless steel
Domestic warranty details (yrs)	2

FEATURES

Control panel material	stainless steel
Controls of BBQ	Stainless steel
Position of controls	front mounted

SPECIFICATIONS

Type of Fuel	Gas
Gas connection set up	LPG
NG conversion kit available	yes

BURNERS

Number of burners	5
Burner material	Cast iron
Type of Ignition	Quartz Start

FEATURES

Laser Etched Graphics	yes
Hotplates	1
Hotplate finish	rust resistant enamelled cast iron
Hotplate size	18.6cm ²
Hotplate oil and fat management	raised sides,hotplate gap
