

La Paloma™

European style and sophistication

bricks.
style with
substance

Using the best of European style and sophistication, La Paloma™ is the ideal brick to transform your interior or exterior space.

The new La Paloma™ range brings a Spanish flare inside and out. Defying the possibilities of brick manufacture, the La Paloma™ range provides whiter whites, blacker blacks and true greys never before seen in bricks. With their unparalleled quality, this truly stylish range is sure to provide an eye-catching finish on any project.

La Paloma™ Bricks add style and distinction. Their natural colours and textures enable you to create striking façade contrasts or more traditional neutral colour tones.

La Paloma™ Bricks can be easily laid by traditional bricklayers using a conventional mortar bed.

Like all Austral Bricks® products, La Paloma™ Bricks are virtually maintenance free, totally weather resistant, long lasting, have high thermal mass for better energy efficiency and add a distinct premium feel to any project.

The result is a wonderful range of bricks that is both stylish and contemporary.
