- **Coverage area:** 82 m<sup>2</sup>
- **Filter type:** 3-in-1 H13 HEPA Filter
- **Clean air delivery rate:** 202 CMH
- **Decibel rating:** 34dB
- **Features:** Filter Change Indicator
- **Contaminants removed:**  
Allergens/Dust/Pet Dander/  
Pollen/Smoke
- **Speeds:** 4

### • **Efficient Purification for Room-filling freshness**

With a CADR rate of 202 CMH, the DREO Macro AP605S effectively purifies large space up to 82 m<sup>2</sup> per hour, or cycling 4.8 times/h in 17 m<sup>2</sup> (The higher the CADR value, the stronger the air purifier's purification ability, and the larger the applicable room area.)

Compact yet powerful, it delivers fresh air in any room—bedroom, kitchen, or office. Helping to relieve asthma, alleviate allergies, and ease sinus problems caused by pet hair, dust mites, or seasonal changes.

### • **Powerful 5-stage Filtration System:**

Keep your home clean and fresh with the advanced 5-stage filter that traps 99.7% as small as 0.3µm, including allergens and dust, creating a safer space for asthma, coughing, and pet sensitivities. (Perfect for pollen, wildfire season, or pet-filled homes.)

### • **4 Fan Speeds + 3 Modes. More Choices, Greater Flexibility**

① Choose from 4 purification speeds and 3 modes (Normal/Auto/Sleep) to effortlessly manage the air in your home.

② Auto mode: It adjusts airflow based on real-time air quality, ensuring fresh air with minimal effort, while Sleep mode ensures a quiet, restful night.

③ Sleep Mode: Enjoy peaceful sleep with noise levels as low as 34dB and automatic screen dimming to eliminate any distractions.

### • **ECO-friendly and more energy-efficient.**

DREO air purifiers consume 50% less energy than traditional AC models as used advanced DC motors.

### • **Hands-free control and quiet comfort at night:**

Easily adjust air purifier settings with Alexa or Google Home, or control with the DREO app for real-time monitoring, speed adjustment, and custom modes - for your greatest convenience.
