

DREO | Whole Room Heater 715

3D Whole-Room Heating

Deliver warmth across the room with 3.7 m/s airflow, 45° vertical oscillation, and 70° horizontal oscillation. This heater for bedroom use helps distribute heat quickly and evenly from floor to corner.

Faster, More Powerful Heating

Powered by a 2000W PTC system, this portable ceramic heater delivers a 352% larger heating volume for whole-room warmth. With 54% faster heating, it provides warmth in as little as 2 seconds for quick relief from the cold.

Advanced Safety for Everyday Use

Overheat protection, tip-over shutoff, and a flame-retardant housing help keep daily heating safer. ETL-listed for added confidence, this room heater delivers dependable warmth for bedrooms, offices, and living spaces.

Customized Warmth, Lower Energy Use

ECO Mode maintains your selected temperature from 5°C to 35°C in precise 1°C increments. This heater for office use helps reduce unnecessary power consumption while keeping comfort consistent.

Description

Quiet Comfort on Your Schedule

A brushless DC motor and upgraded Bionic Blade design keep this desk heater operating as quietly as 34 dB. Set the 12-hour timer and enjoy focused warmth without distracting noise.

Specification

Product	DR-HSH015 - DREO Whole Room Heater 715
